

11TH EDITION OF FICCI-CMSME SUMMIT 2025

Future Ready MSMEs: Digital | Green | Inclusive

 **7** 2025
OCTOBER
 SHANGRI-LA EROS
NEW DELHI

Introduction

The 11th edition of the FICCI- CMSME (Confederation of Micro, Small & Medium Enterprises) brings together key stakeholders from the MSME ecosystem to create a roadmap for building future-ready micro, small, and medium enterprises that are financially sound, digitally empowered, environmentally sustainable, and socially inclusive. As India aspires to become a \$5 trillion economy, MSMEs—being the backbone of the nation's industrial and employment landscape—must lead the way in embracing digital transformation, green practices, and inclusive growth.

This year's summit focuses on enabling MSMEs to navigate rapid technological changes, comply with ESG norms, unlock access to sustainable finance, and participate in global value chains. Through high-impact sessions, expert insights, and stakeholder dialogues, the summit aims to equip MSMEs to not only survive but thrive in a fast-evolving business environment.

Program Focus

Session 1: Bridging the Finance Gap: Unlocking Capital for MSME Growth

Session 2: Digital-First MSMEs - Scaling Through Smart Tech

Session 3: Green & Sustainable MSMEs - Towards Competitiveness and Growth

About FICCI-CMSME

As a dedicated industry body for MSMEs, FICCI-CMSME has been striving towards the sustainable development of MSMEs in India and promotes awareness, thought leadership, policy advocacy, capacity-building and creating global business opportunities for the SMEs of India. CMSME actively engages with stakeholders across the public and private sectors to address the challenges faced by micro, small, and medium enterprises, including access to Finance, Market linkages, Technology upgradation, Regulatory compliance, and Capacity building. Through seminars, workshops, policy dialogues, and collaborative initiatives, it strives to build a resilient and future-ready MSME ecosystem that contributes significantly to India's economic development.
